## OLY-OLA's Premium Landscape Edging Products are Constructed of Pure Polyethylene and Rigid Black Vinyl

*Oly-Ola Uses Superior Materials to Produce Safe, Easy-To-Use, Strong, Long Lasting, Durable and Flexible Edging Products*

**Villa Park, IL — Oly-Ola Edgings, Inc.'s** premium paver restraints, landscape and water garden edgings products are all constructed of pure polyethylene and rigid vinyl with an added carbon black concentrate UV stabilizer. The superior construction materials produce high quality edging products that are safe, easy to use, exceptionally strong from top to bottom, long lasting, durable and flexible.

Because Oly-Ola poly/vinyl edgings have no sharp edges, they are safe to install and use. Unlike aluminum and steel they are safe for pedestrian walkways and landscape maintenance crews using lawn power equipment. Because there are no sharp edges, there is no danger or damage to equipment, operator, or pedestrian.

Oly-Ola's superior poly/vinyl construction makes the edgings extremely functional and is easier to install than aluminum or steel edging products. If the edging is ever damaged, splicing in a replacement piece can easily repair the edging, whereas aluminum and steel edgings must be completely replaced. Using grooved or "V" lip-style edgings, steel anchoring stakes, and proper installation procedures, can prevent most frost heaving, with poly/vinyl edging. Steel and aluminum edging contort in the cold.

Oly-Ola Edgings' complete line of premium edging products including Oly-Ola's "L" shaped paver restraints — Bric-Edg™ and Bulldog-Edg™; low profile landscape edgings — Super-Edg™ and Slim-Edg™; round top landscape edging products — Edg-King™, Black Edg-Knight™ and Black Jack™; and water garden edging — Edg-Keeper™ for ponds.

Founded 25 years ago in 1978, Oly-Ola Edgings, Inc., headquartered in Villa Park, Illinois, USA, produces the most complete line of polyethylene/vinyl edging and paver restraints in the landscape industry. Oly-Ola products are sold exclusively through landscape distribution centers, landscape contractors and architects and independent nursery/garden centers. Oly-Ola products offer a 100% plus guarantee for 15 years including labor, materials and freight costs. Oly-Ola stocks a large inventory to prevent backorders and assure prompt delivery.
