Oly-Ola Edgings Offers Complete Line of Paver Restraints

***Bric-Edg™, Bric-EdgII™ Bulldog-Edg™, and Shallow
Bric-Edg™ Provide Landscape Contractors with
Paver Restraints That Fit
Any Paver Project or Installation Preference***

Villa Park, IL - Oly-Ola Edgings offers landscape contractors a selection of paver restraints to fit a variety of paver projects and installation preferences. Oly-Ola paver restraints are constructed of 100% recycled black vinyl and feature Oly-Ola's innovative "L" shape design, which makes them easy to install, either under or outside of the paver.

Engineered to provide strength and flexibility, Oly-Ola paver restraints also feature specially designed "key-hole" cuts that make them flexible and durable. They easily adapt to hold professional, creative landscape designs securely with no cutting or snipping necessary.

Oly-Ola's line of Paver Restraints include:

- **Bric-Edg**, Oly-Ola's premium paver restraint, is the original "L" shaped paver restraint.
- **Bric-EdgII**, featuring streamlined backside with no backlip, is designed for installers who prefer placing the edging outside of the paver.
- **Bulldog-Edg**, the strongest paver restraint in Oly-Ola's line, is ideal for heavy-duty paver and landscape projects.
- **Shallow Bric-Edg** is Oly-Ola's most cost effective paver restraint. Measuring 1½" deep x 2½" wide, this slightly smaller style is designed for shallow paver, patio block, slate or flagstone installations.

Oly-Ola Paver Restraints are safer to install and to use around pedestrians, children and pets than metal, wood or concrete curbing.

Non-kinking Oly-Ola Paver Restraints are available in either rigid or flexible sections, 15-ft. or 7 1/2 ft. lengths (with a 90 ft. minimum order) and are anchored by non-bending steel stakes that eliminate gapping, frost heave and contractor callbacks.

Founded 25 years ago in 1978, Oly-Ola, Edgings, Inc., headquartered in Villa Park, Illinois, USA, produces the most complete line of polyethylene/vinyl edging and paver restraints in the landscape industry. Oly-Ola products are sold exclusively through landscape distribution centers, landscape contractors and architects and independent nursery/garden centers. Oly-Ola products offer a 100% plus guarantee for 15 years including labor, materials and freight costs. Oly-Ola stocks a large inventory to prevent backorders and assure prompt delivery.
